

Who We Are

Magnolia Women's Recovery Program is a non-profit organization committed to educating our clients, their children, family members, and others on the various illegal drugs that are destroying our community. In 2013 we successfully expanded to two locations that provide a comfortable and completely furnished residential facility for pregnant women and women with children. Daily programs are offered to empower our clients to reclaim control of their lives and families.

Our Goals

- To help women heal physically, emotionally and spiritually
- To provide a safe environment for this healing to take place
- To assist pregnant and postpartum women overcome substance abuse and addictions, and let go of the shame and guilt, hurt and loss, self-loathing and other dysfunctional behaviors that hinder recovery

Your donations change lives!

What We Do

At Magnolia Women's Recovery Program, we recognize the unique gifts, life circumstances and needs of each individual. Using those tools we build self esteem, healthy behaviors and foster the development of self-respect.

How We Do It

- Create individual treatment plans to address the issues of life development and addiction
- Provide Psychiatric/PTSD Evaluations to support positive behaviors
- Provide Individual/Family Counseling to assist our clients in working on their issues and roadblocks to good health and success
- Facilitate monthly community based lectures and workshops on various support topics
- Teach cognitive and behavioral techniques that facilitate lifestyle changes for healthy living and decision-making

Five Major Accomplishments
